Parking Signs

Handicap parking signs are regulated by state. Certain states are required to have certain handicap parking signs. Therefore, when you place your order for handicap parking signs, you will choose the state you live in, and we will determine which sign is required for your Kingdom/Assembly Hall. It may not be the image pictured. All prices are the same, no matter which state you live in, so long as the size is 12" x 18"

Handicap Parking Signs

\$22.00

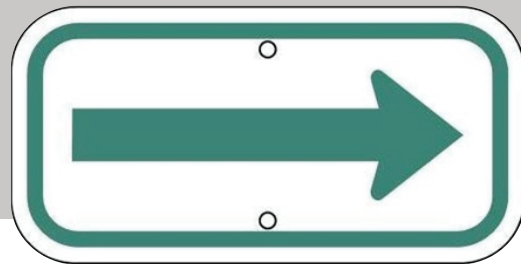

Parking Fine Sign

\$16.00

Parking Directional Sign

\$16.00

Additional traffic control signs are available upon request.

No prices include shipping. Shipping will be calculated individually, after your order is placed.

**ALL ORDERS MUST BE PLACED ONLINE at
www.PrecisionSignsNC.com**

Literature Cart Signs

One-Time Purchases

You can order these literature cart signs already applied to the sturdy PVC material. They come single or double sided. If you already have the PVC material from a previous order, you can purchase just the prints, and apply them yourself. You can purchase one print for single-sided application, or you can purchase two prints for double-sided application.

You can choose horizontal or vertical print. PLEASE NOTE: The horizontal prints are mostly used for tabletop displays and will not fit in the carts.

There is an installation video for applying your own prints at http://precisionsignsnc.com/installation_video.html

We suggest watching this video before deciding what is best for your hall.

We also have a literature cart subscription service available for the monthly magazines. See the next page.

Designs Available:

Due to copyright issues, we are not permitted to display artwork. Please refer to JW.ORG to view art.

Monthly Watchtower	Monthly Awake	What Does the Bible Really Teach?	Where Can We Find Answers to Life's Big Questions?	Will Suffering Ever End?

Literature Cart Signs

6 Month Subscription Service

This service allows for your congregation to keep up to date on the most recent Watchtower and Awake poster releases.

We ship these prints bi-monthly:

Jan & Feb ship together & will be received before Jan 1st.

March & April ship together & will be received before March 1st.

May & June ship together & will be received before May 1st.

July & Aug ship together & will be received before July 1st.

Sept & Oct ship together & will be received before Sept 1st.

Nov & Dec ship together & will be received before Nov 1st.

All prices below are a 10% discount for the print and shipping when compared to buying them individually. We are able to do this by bulk printing/shipping. All prices below INCLUDE THE PRINTS & SHIPPING FOR THE ENTIRE LENGTH OF THE SUBSCRIPTION.

If you would like to subscribe but don't yet have the plastic PVC board yet, we suggest you make a one-time purchase for your first month's magazines, and after you receive your one-time purchase you can start your subscription for the following month. At the end of your subscription, we will send a follow-up email to remind you to renew your subscription so there will be no lapse in prints.

Monument Signs

Option #5- Monument

10' wide x 3' tall x 12" deep (upper section) texture coated monument sign. Any size available. Please call or email us if you have a specific request. We can tailor this sign to your needs.

This sign is made of texture coated marine plywood with wooden structure. 3/8" thick laser cut acrylic letters are thru bolted to the sign face to ensure permanent attachment. The JW.ORG logo is set flush to the face of the texture coating. Many standard colors are available. Construction details provided for the foundation and posts for easy installation. All masonry, foundation, and posts provided by others with this option.

If preferred, a faux brick or stone base can be provided. There are currently four color options for the brick and four natural stone color options. Again, construction details provided for the foundation and posts for easy installation. Foundation and posts to be provided by others with this option.

For the upper section only with or without the cap that covers the top of the masonry.

Lettered 1 Side

Meeting Schedule Signs

Option A: Vinyl applied to 20" x 20" ACM panel. These are made the same way the JW.ORG signs are made. Installed with tape & installation glue, which are included in the price. Many background colors to choose from. Please see page 5 (yeartext vinyl) for available vinyl colors.

Option B, C, E, F, H, I, K, L, M, O, Q, & R: Meeting schedule sign frames are made of extruded aluminum, black or silver. The inserts are printed panels behind clear plastic. You choose text, font, and background color. For installation, frames snap open to reveal mounting holes. Please see website for measurements of each sign.

Option D, G, J, N, P, S: Lettering for front door. Custom sizes- you must provide the width of your door for this option. Must have a glass or flat door. For glass or dark colored doors, you should choose a light vinyl, such as white or beige. For a light colored door, choose dark vinyl such as black or steel blue.

Disaster Relief Signs

Disaster Relief signage is now available for Regional Building Committees in key areas. Those RBCs that have been assigned to work with their Disaster Relief Committee in meeting with emergency managers of large metropolitan areas may now take advantage of ordering the signs needed for first response. If you have not been involved with a DRC in those meetings, please contact the LDC/Disaster Relief Desk before placing any orders.

Installation Instruction for Year Text

Surface Preparation:

Glass surfaces are usually the easiest to apply and remove decals.

It is recommended to have an assistant to help with this installation.

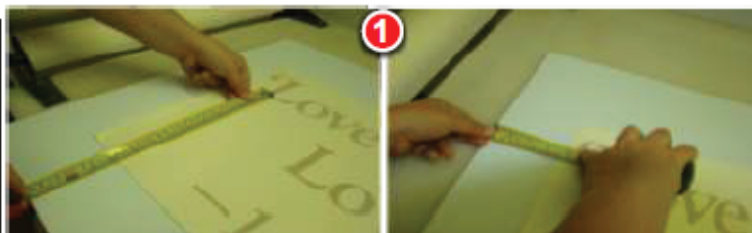

Make sure the surface to which the vinyl lettering will be applied to is very clean, very dry and smooth.

Decals come with these three elements to them:

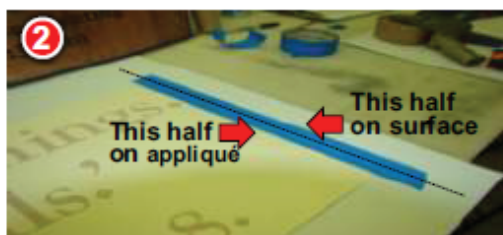

1. Appliqué Paper (protects the vinyl lettering).

2. Vinyl Letters (adhesive backed vinyl).

3. Backing Paper (waxed paper).

1. Alignment: Place the un-peeled decal onto the surface where it is going to be applied. Using a measuring tape, make sure it is centered and level with the sign-surface, then re-check all measurements.

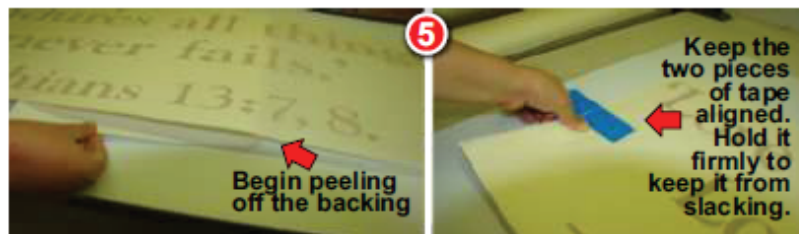

2. Tape Hinge: Apply masking tape to right-side of the appliqué to use as a 'hinge'. This is done by placing half of the tape to the appliqué edge, and the other half to the surface (see photo). Make sure tape is very secure to both surfaces

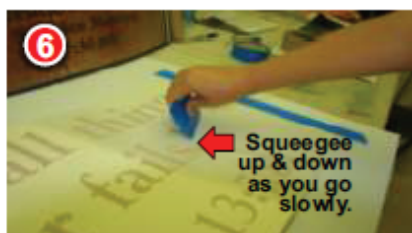

3. Tape Marker/Guide: Apply a small piece of masking tape to the middle of the left-side of the appliqué (see photo). Make sure the tape is secure to both surface and appliqué. Then, carefully pull up on this left-side of the appliqué so that the tape is torn in half, leaving part of the tape on the surface and part on the appliqué. This 'marker' made of tape will help in aligning later.

4. Removal Preparation: Fold back the entire appliqué, making sure the right-side tape-hinge stays attached to the surface. Then, carefully peel-back the first 4 to 6 inches of the waxed backing paper, **NOT THE APPLIQUE**.

5. Backing Removal: Fold over the entire appliqué back towards the left-side 'marker' tape, with the first 4 to 6 inches of backing paper already rolled back from the right-side hinge. HINT: Pull it enough to keep it from slacking, but not so much that it comes off the 'hinge'. Make sure to keep an eye on the alignment of the tape marker.

6. Squeegee: As you slowly peel the backing off, use a squeegee to apply to surface.

7. Peel off appliqué paper: Slowly peel the appliqué paper off. Watch for any letters that may not be sticking to surface, and push them back down if necessary.

8. Finishing: Carefully examine all letters to make sure all are applied correctly to surface.
